

# VARCOS

A Passage to Success

Our Students Speak up their minds..

Deepali - attended sessions on 'Functional Testing - Test Case writing' and member of 'Varcos Study Circle'

“Training sessions I had with VJ sir are very interactive and thought provoking. He teaches in very simple ways so that everyone can understand and relate.

My experience with "Varcos Study Circle" is very excellent. It enhanced my knowledge and skills.

VJ sir teaches in very enthusiastic and friendly way.

The selenium and java assignment given by sir are really helpful to boost my confidence and writing selenium scripts in more practical ways.

VJ sir ensures that concept is clear to students, he explained 'How to take Dynamic Xpath, for making script robust.' multiple times so that we all could understand it”
