Pratiksha - Trained on Selenium+Java , now working as Test Automation Engineer

“Training helped me not only on Core Java and Selenium, but I also learnt on how to troubleshoot a problem. This course gave me confidence to work on Selenium. VJ Sir is best trainer that I have ever been found. His rich knowledge, experience and ability to simplify concepts helped me to deep dive in Automation field. VJ Sir explained me some of the topics like POM, excel handling multiple times, which helped me to understand these topics which I found difficult initially. Soft skill - presentation sessions helped me improve my presentation skill !!.. I am happy I chose Varcos for my training..
