

Varcos Value Add:

I have been fortunate to work with VJ in Infosys for few years. VJ was my senior and was leading another Testing group along with specialised testing teams. VerveSquare is lucky to have Varcos as our training partner. Varcos has allowed us to focus more on our Client deliverables by taking care of our training needs

Overall Feedback on Varcos Trainings:

The training has provided the right fundamental understanding of testing processes.

Trainees has gained overall awareness of the testing trends and current market leading tools.

Impact of Varcos Trainings:

We are seeing significant positive difference in team's approach towards testing. Asking the relevant questions to our Clients to get the pertinent inputs has improved the effectiveness of the testing

Professionalism:

Varcos conducts a structured course for the different aspects relevant to the type of testing

Final Words:

Varcos has been our go to partner for training purpose and they will be our partner for time to come.

We would rate Varcos 8/10 (1 is poor to 10 is Outstanding/Impressive). This is to push Varcos in keeping abreast of the ever changing testing field 😊
